

The international sections

Les Hauts Grillets is an international school with German, Italian, British and Polish sections. It means you learn the French program and you can also learn with the German or Italian or British or Polish program too.

The international pupils study the history and the language of their nationality. There are teachers for each international section.

In the Polish section: 'We have international section six times a week, for literature and for history: the history is about the world but in Polish!'

'The Polish classroom is small but very beautiful... There are decorations on windows, a lot of maps and in big it is written 'Sektia Polska', it means 'Polish section'

'It is nice to speak two languages because then, when we are big, we can go to a country and we won't have problems. Sometimes we have a penfriend and go to different countries.'

In the German section: just pupils who can speak German very well can go to the German section. 'I like it because the teachers are very funny. We often play games.'

The Italian section: 'I lived in Italy and I want to speak Italian forever.'

'This year we are happy to welcome a new teacher from the North of Italy. We have penfriends from Macerata.'

LIFE AT SCHOOL:

- I like the art class because it is very decorated and you can express yourself painting and coloring.
- I love chemistry because each week we have one hour for the experiments.
- I am very lucky to be in this school. It's cool to hear many languages.
- At school I like my friends and lunch.
- I like physical education because I like to learn new sports like baseball. I like music because we learn songs and we sing them.
- The days are long and we have a lot of homework to do. I only have fifty minutes for lunch and then I must work for four hours, then it is the end of the schoolday.
- At my school there is a nice atmosphere.
- In this school, I like the lessons before the Christmas holidays because it's nice and sometimes there is snow. I like the library but I don't like it when the lessons are too long.
- We have everything in this school. We can learn German, Spanish, English and Latin.
